MESSAGE FROM THE HEAD

I am not sure how we have ended up in March already but the weather has certainly lifted spirits this week!

There is always so much to teach the children and help them to make wise and safe choices. As I said in the newsletter a couple of weeks back we are hoping to have an internet safety parent meeting in the Summer term and I will share the date for this as soon as I have it. (Please see over the page for some reminders).

This has led me to wonder if there are any other information sessions you might find useful covering the content of the curriculum. It would be an opportunity to share with you the methods that we teach in school as I know that the strategies we use today may be vastly different to the ways we learnt ourselves; this can make it difficult to support your children with homework etc, especially as they move through the school. If you have any suggestions as to areas you would like us to consider then please do email me or catch me on the gate.

Have a lovely weekend!

General Internet Safety Reminders

- Ensure you have set up your parental controls.
- Talk to the children about their online involvement - explore sites and apps together
- Talk to your child about staying safe online - remind children to report anything that makes them feel uncomfortable to a trusted adult.

You can find more information on how to help your child stay safe online from saferinternet.org and the NSPCC.
